RESPONSE TO BOARD DECISIONCommissioner for Patents
Alexandria, VA

Dear Sir:

Applicant gratefully acknowledges the Board's reversal of the rejections of Claims 41-46 in the Decision dated March 25, 2008 along with the reversal of most of the grounds of rejection of the remaining claims. Because the Board entered a new indefiniteness rejection of Claims 41-46, a Section 101 rejection of Claims 1, 3, and 4, and kindly invited Applicant to reopen prosecution to cure the new rejections, Applicant accepts.
